Colour the shapes in the picture as shown.

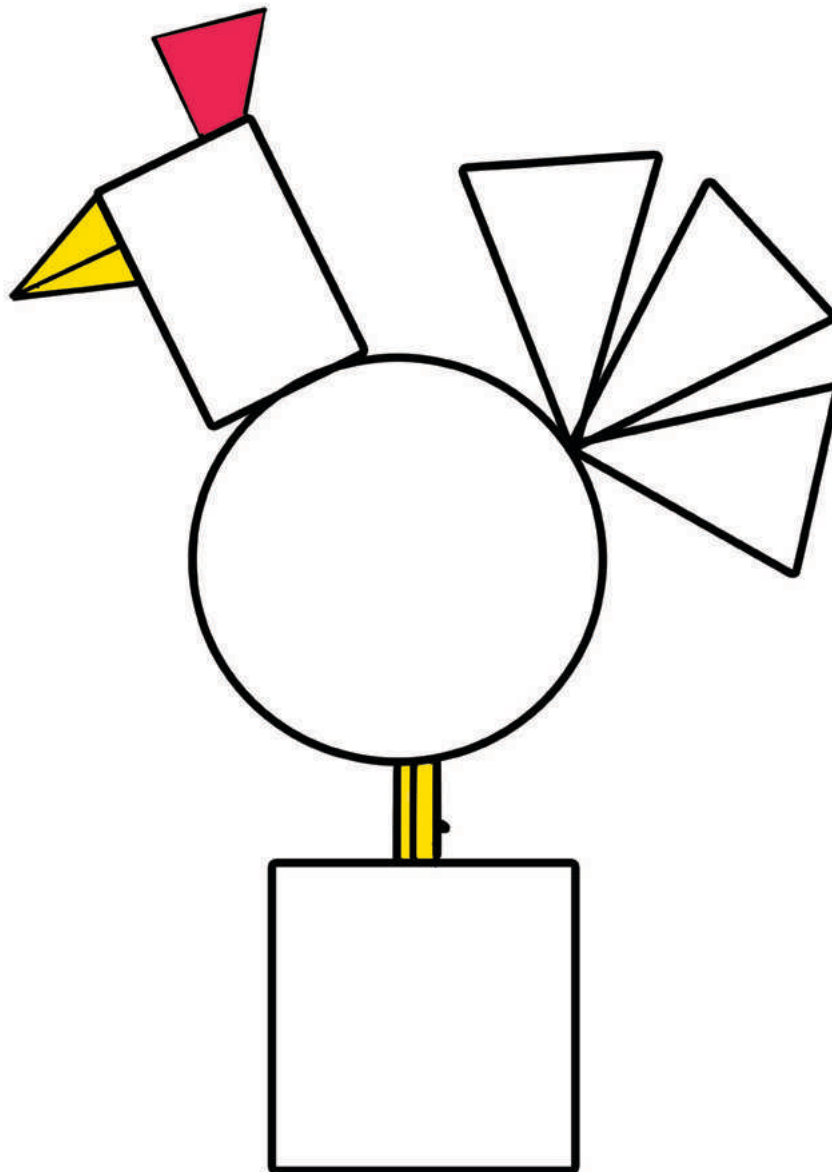

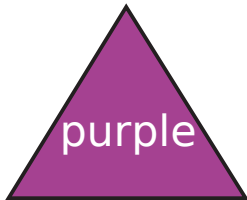

# Shapes

Colour the shapes in the picture as shown.

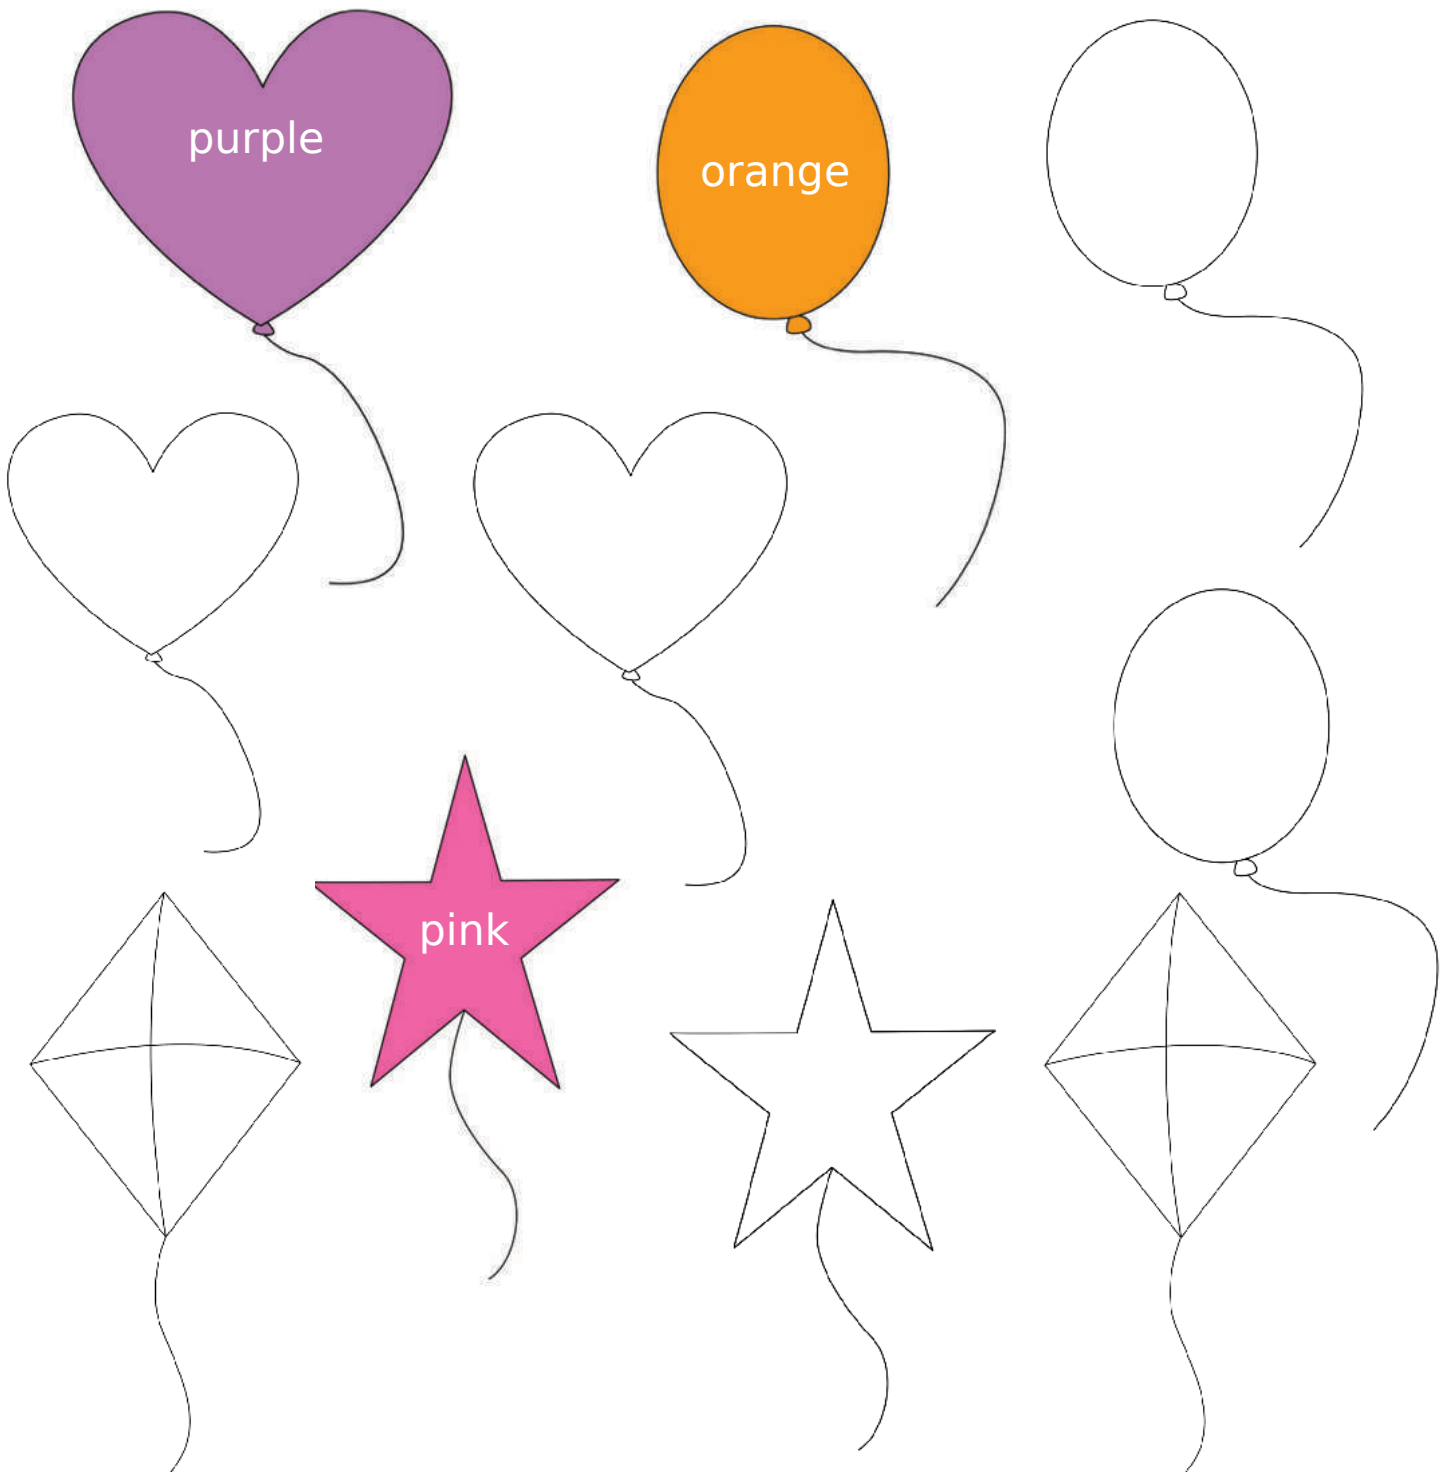

# Shapes

Colour the shapes in the picture as shown.

# Shapes

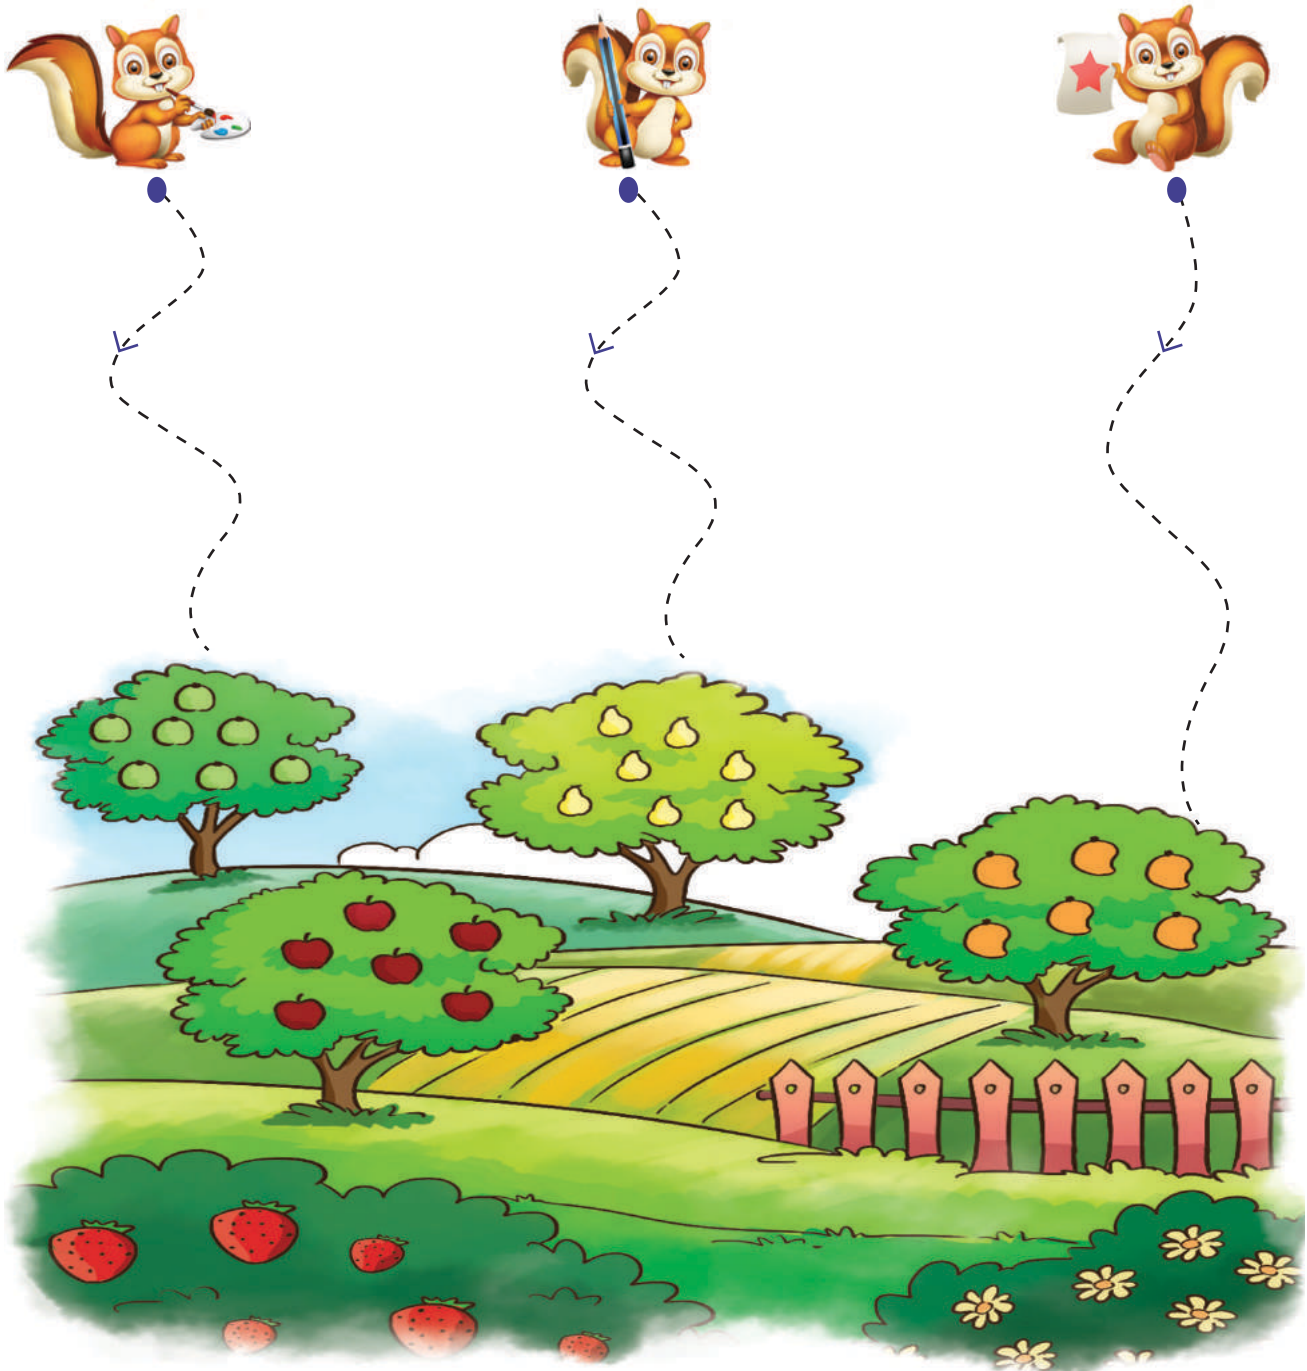

Colour the shapes in the picture as shown.

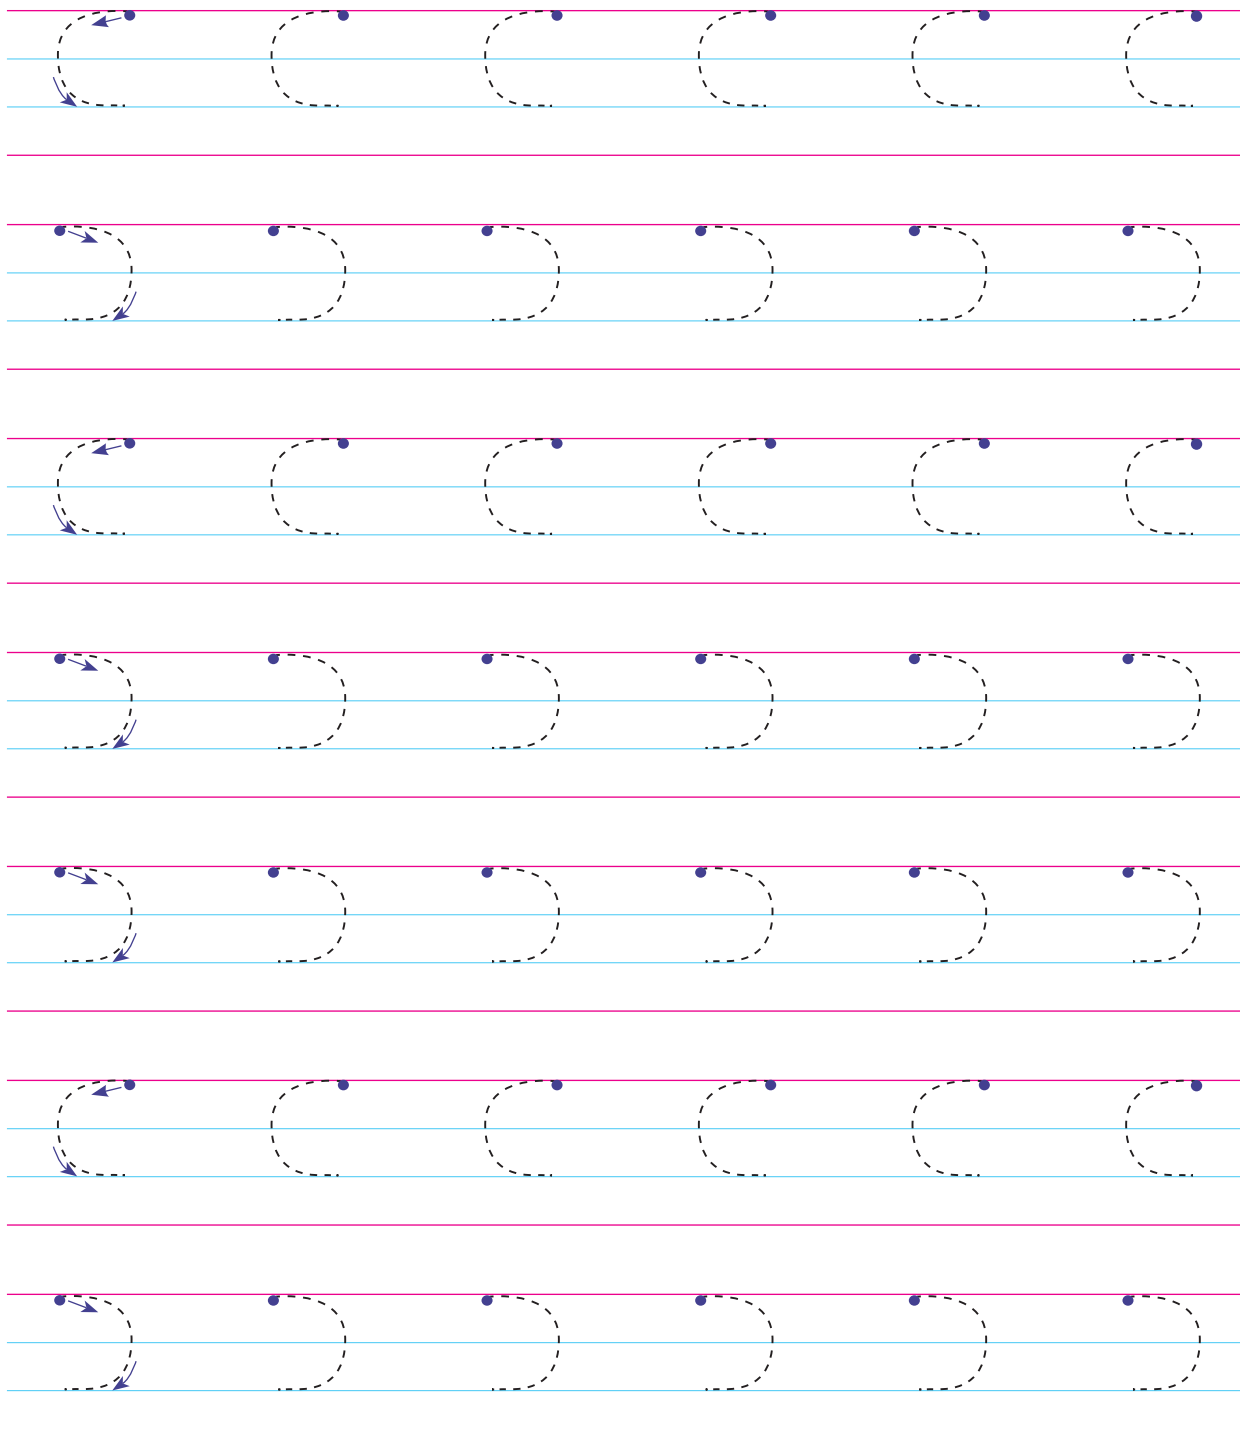

# Curved Lines

Trace the curved lines to help Lily reach the garden.

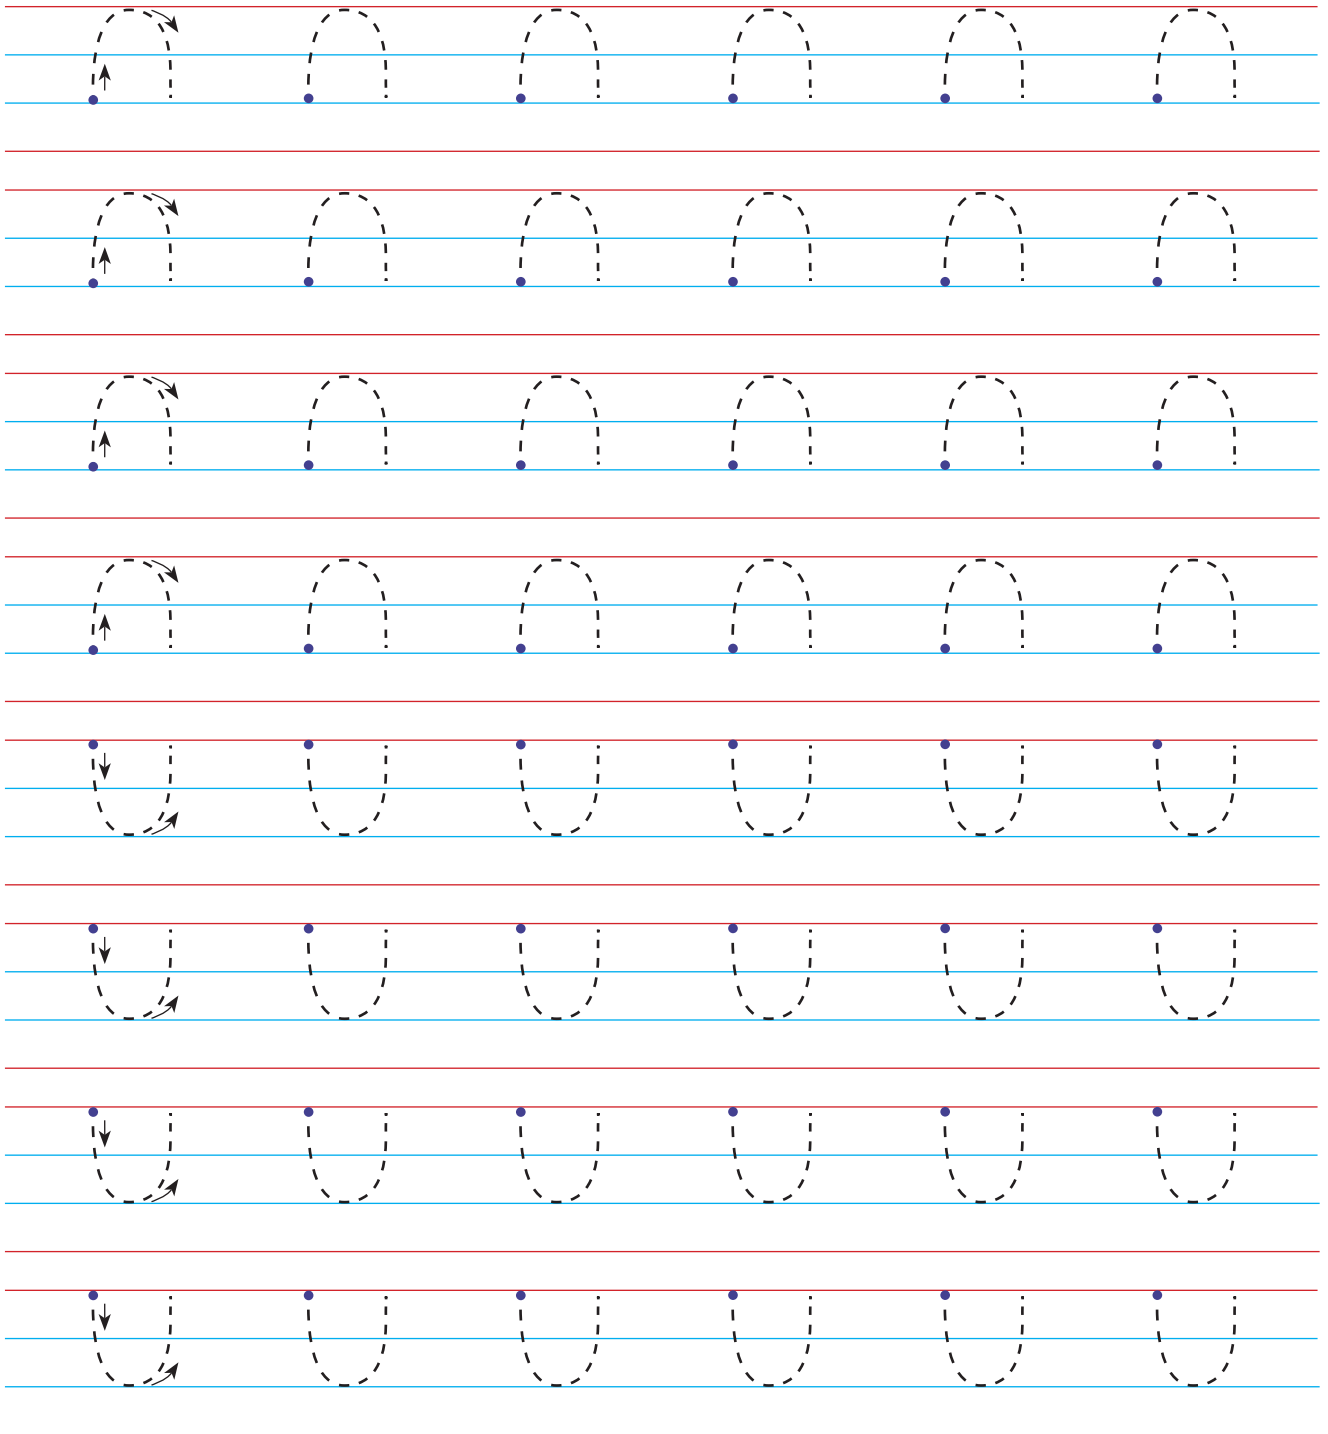

# Curved Lines

Trace the curved lines.

# Curved Lines

Trace the curved lines.

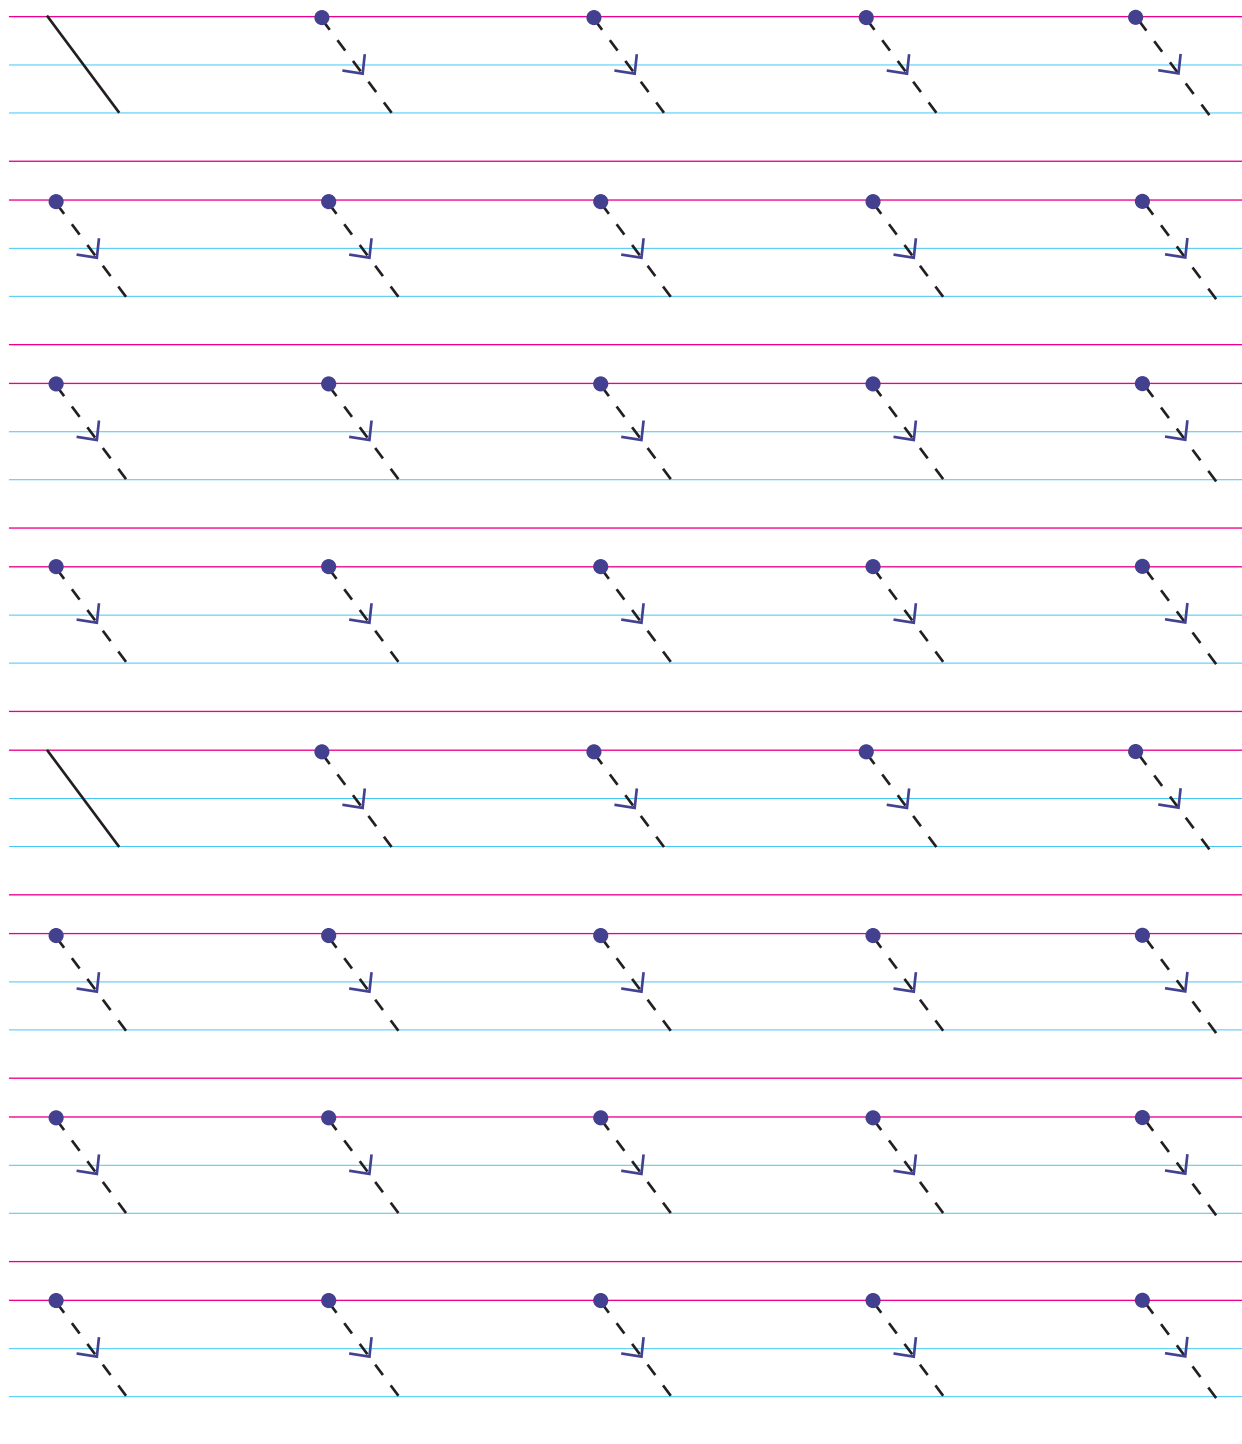

# Slanting Lines

Trace the slanting lines from right to left.

# Slanting Lines

Trace the slanting lines from left to right.

# Sleeping Lines

Trace the sleeping lines. Help the bees reach the flowers.  
Remember to go from left to right.

# Sleeping Lines

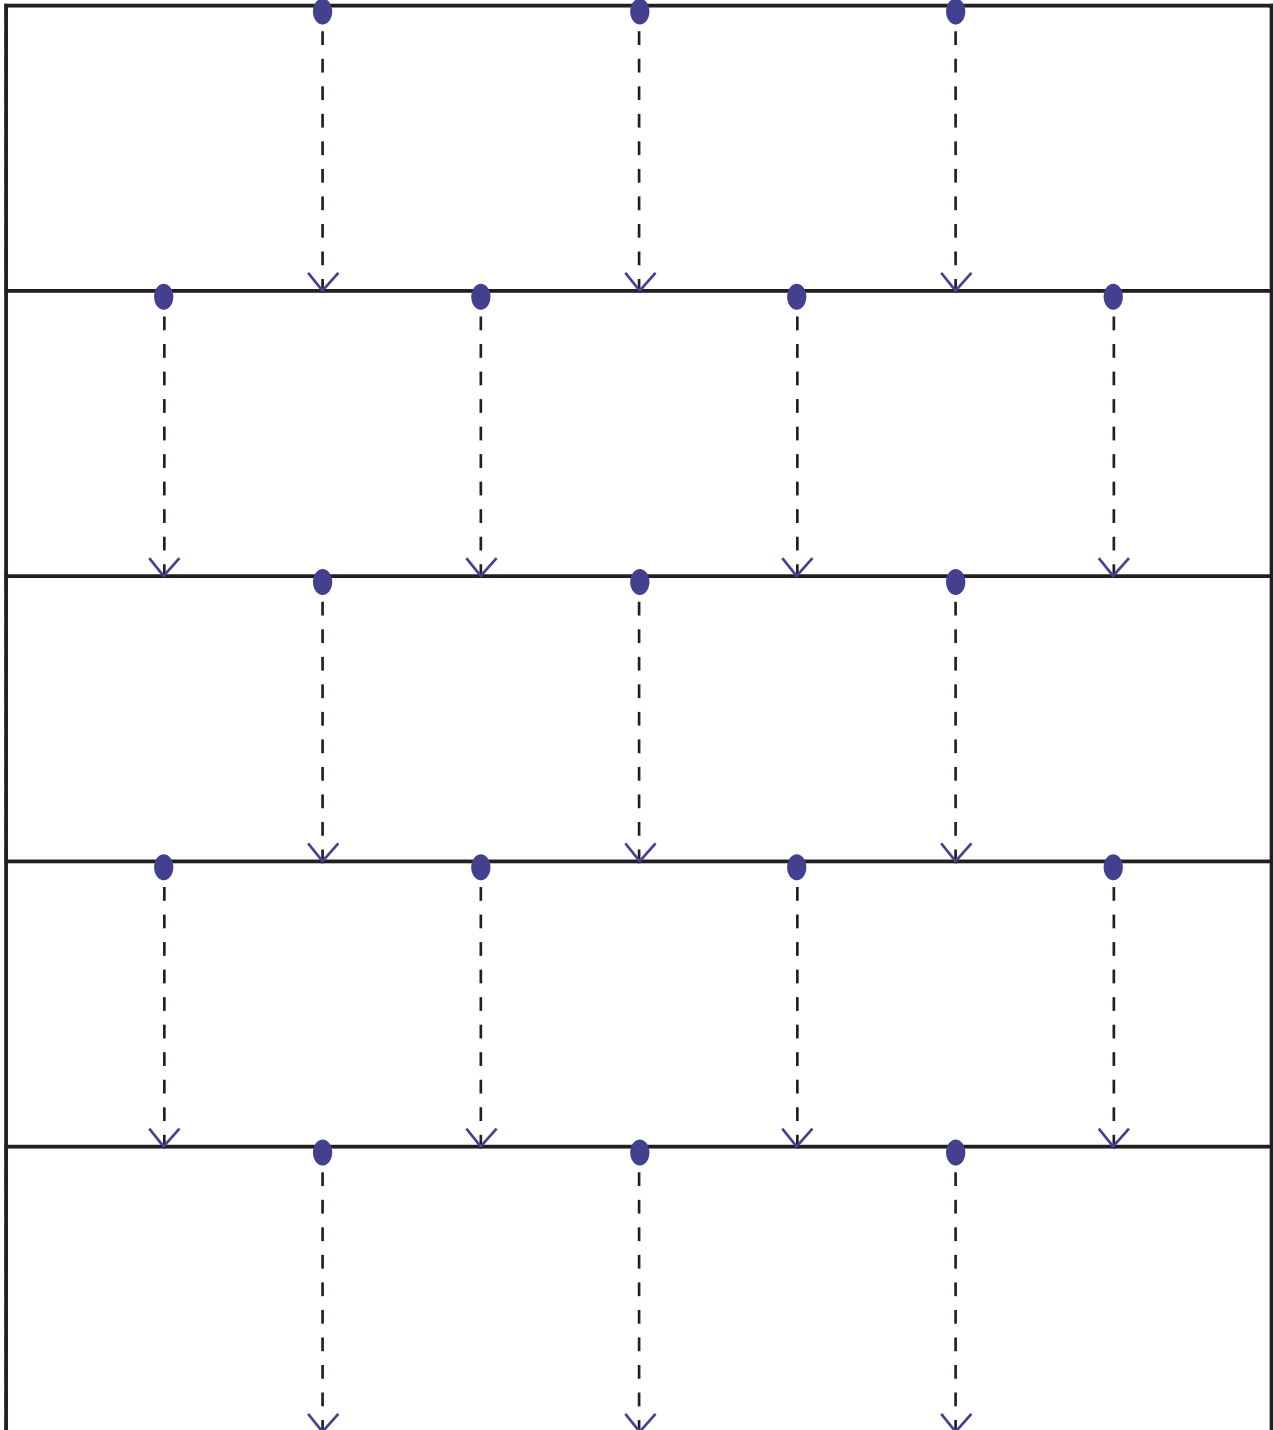

Trace the sleeping lines from left to right.

The worksheet contains eight rows of tracing practice. Each row is bounded by two horizontal pink lines. Inside each row, there are five segments. Each segment consists of a horizontal line with a blue dot at the left end and a blue arrow pointing to the right. The first segment in the first row has a solid black line, while the other four segments and all segments in the remaining seven rows have dashed black lines. The segments are separated by small gaps.

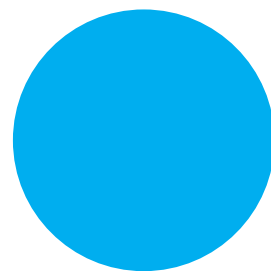

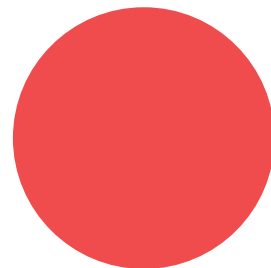

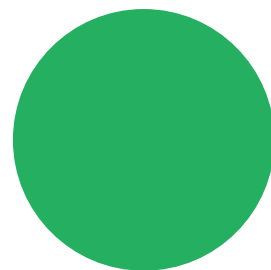

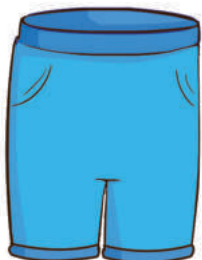

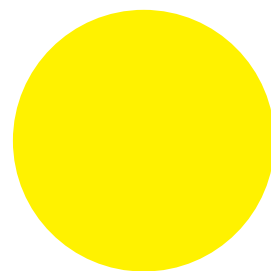

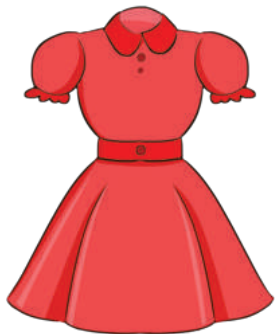

# Standing Lines

Trace the standing lines from top to bottom.

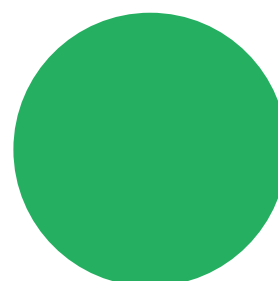

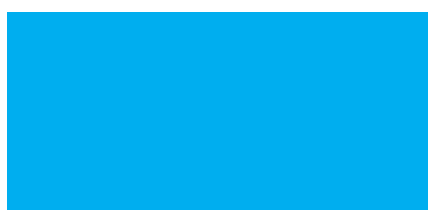

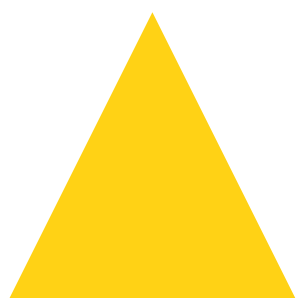

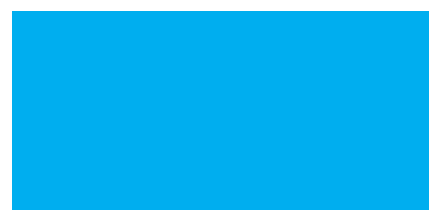

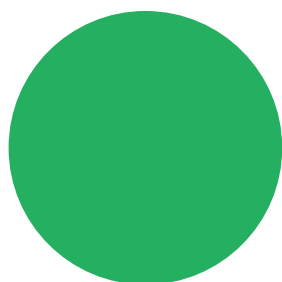

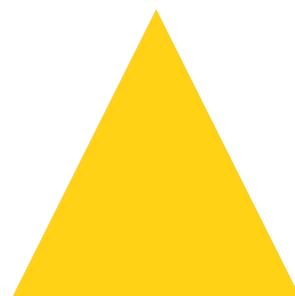

# Colours

Match the objects with their colours.

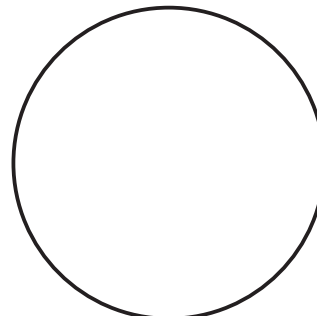

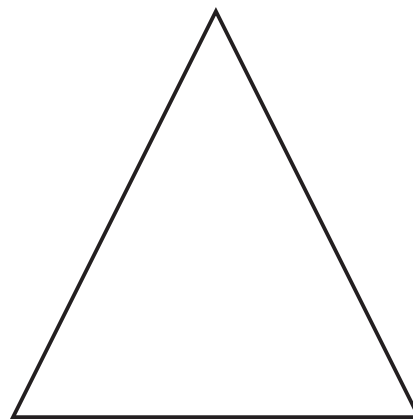

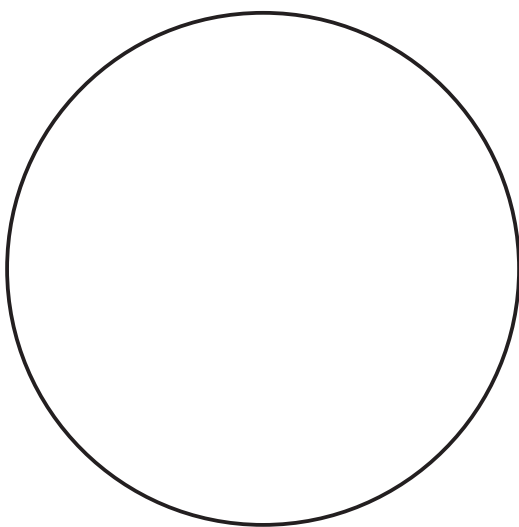

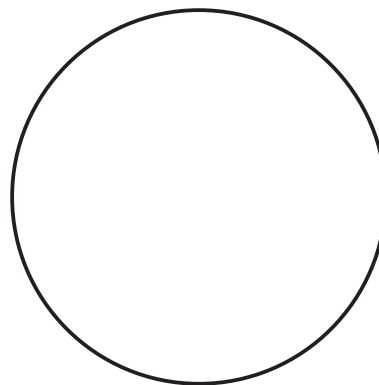

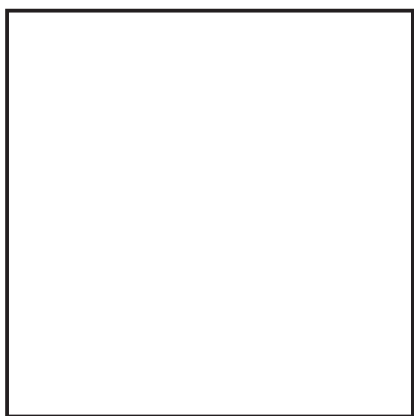

# Shapes

Match the shapes that are same.

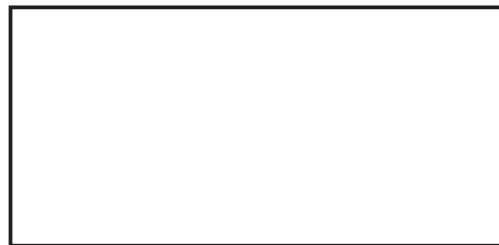

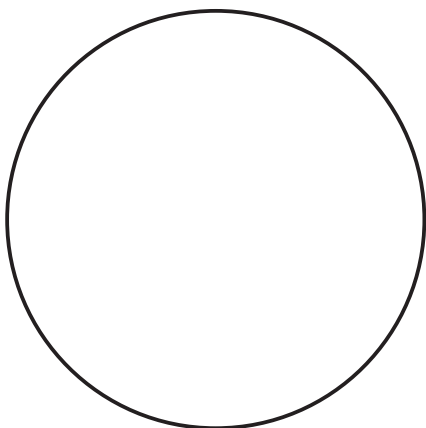

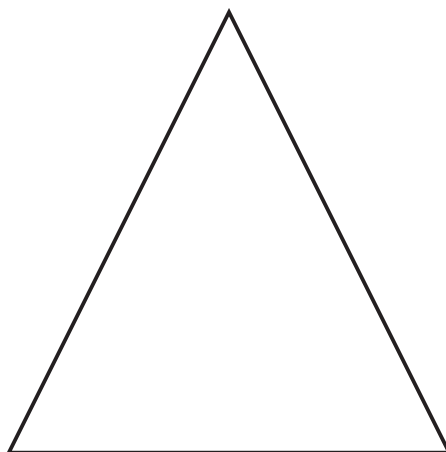

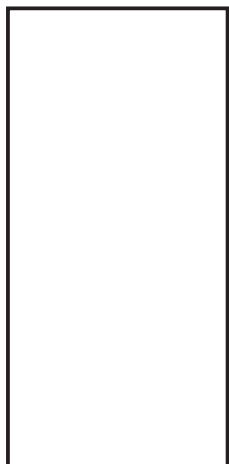

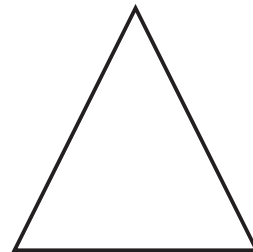

# Circle

Identify the circles and colour them.

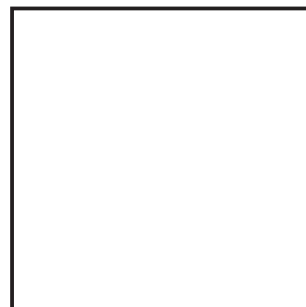

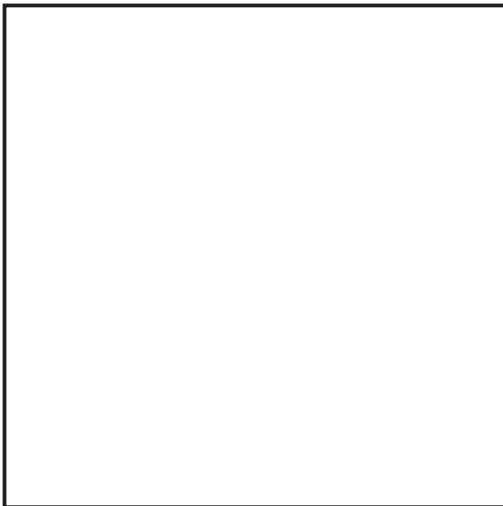

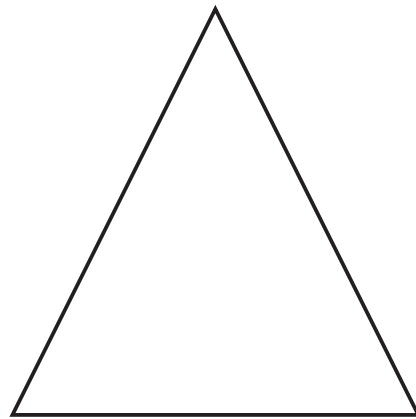

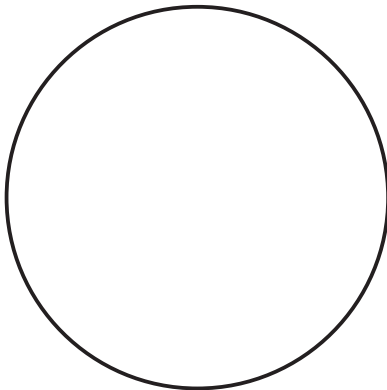

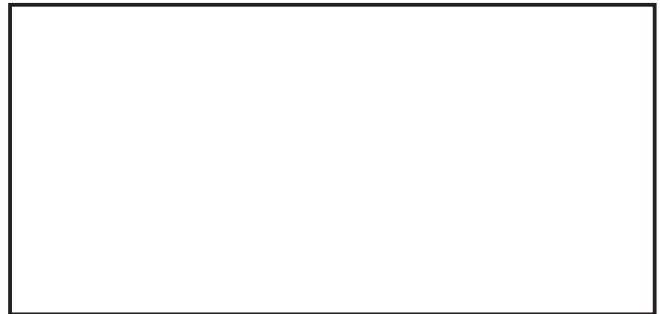

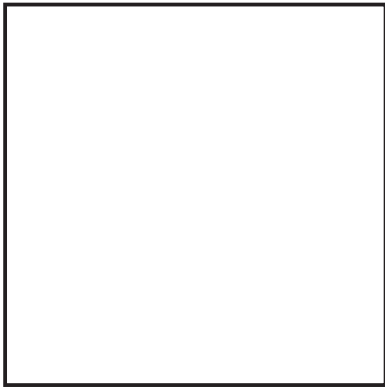

# Rectangle

Identify the rectangles and colour them.

# Square

Identify the squares and colour them.

# Triangle

Identify the triangles and colour them.
